11:30 - 1:00   Lunch**

1:00 - 2:00   Søren Galatius

2:15 - 3:15   Dylan Thurston

(some notes about the schedule are on the following page)

*The conference party Saturday evening will take place at the Gerhardt/Hedden house. Drinks and desserts will be served. Directions will be provided. It is walkable from the math department, but it is in the opposite direction as the conference hotel. You may want to drive to campus on Saturday and drive to the party to save yourself a rather long walk home at the end of the evening. Please offer rides to those who do not have vehicles.

**Lunch on Sunday will be provided for the graduate students. There will be a panel discussion during lunch where the graduate students can ask questions of a panel of post-docs and junior faculty members.
